Data Source: Astoria Portfolio Advisors, Orion, Fundpeak, and TopSheets. Data as of June 28, 2024. The performance is based on the composite performance for all accounts invested in the Dividend Growers Portfolio. Please see the disclaimers below for more details regarding performance calculations. Growth of \$10,000 shown in the chart represents the cumulative total return of the Astoria Portfolio composite since inception, net of fees. Investment return and principal value of an investment with Astoria Portfolios will fluctuate so that an investor's investment when redeemed may be worth more or less than their original cost. All risk/return statistics shown are calculated on an annualized basis since inception aside from Correlation, Beta, and R Square. The benchmark is used as a reference data set for the calculation of beta. Portfolio Yield is calculated on a trailing twelve months basis. For trailing returns, YTD and cumulative numbers are not annualized. All other numbers are annualized. As with any investment strategy, there is a potential for profit as well as the possibility of loss. Net Returns incorporate 50bps annualized management fee. The benchmark for the Dividend Growers Portfolio is 100% S&P 500 Dividend Aristocrats Index and is rebalanced monthly. Since inception refers to December 2020.

The performance represents the composite performance for accounts invested in the Dividend Growers Portfolio. The composite performance is shown net of the model advisory fee of 0.50% charged by Astoria Portfolio Advisors. The composite performance results are net of Astoria Portfolio Advisors' fee and does not include any additional advisory fees charged by advisors employing Astoria's models.

Any additional fees charged by an advisor will reduce an investor's return. Performance results shown include the reinvestment of dividends and interest on cash balances where applicable. The data used to calculate the model performance was obtained from sources deemed reliable and then organized and presented by Astoria Portfolio Advisors. The performance calculations have not been audited by any third party. Actual performance of client portfolios may differ materially due to the timing related to additional client deposits or withdrawals and the actual deployment and investment of a client portfolio, the reinvestment of dividends, the length of time various positions are held, the client's objectives and restrictions, and fees and expenses incurred by any specific individual portfolio.

Benchmark: The Dividend Growers Portfolio performance results shown are compared to the performance of 100% S&P 500 Dividend Aristocrats Index. The index results do not reflect fees and expenses and you typically cannot invest in an index. As of July 2021, the benchmark was retroactively changed from its former benchmark, 100% SPDR S&P Dividend ETF (SDY), to 100% S&P 500 Dividend Aristocrats Index. Return Comparison: The S&P 500 Dividend Aristocrats Index was chosen as it is generally well recognized as an indicator or representation of US stocks with capital growth and dividend paying characteristics.
